

It is believed the killing of the president of a certain growth of highlanders' trouble has been under surveillance the week past. It is suspected that the commission of the

SPORTING RECORD

HALF-SECOND TO THE GOOD.

Cresceus Makes Another Famous Trot.

Beats Father Time in Spite of Wind.

Cresceus and The Abbott to Race—Jeffries Scored—Whist and Ball.

(BY THE NEW ASSOCIATED PRESS—P.M.) COLUMBUS (O.) Aug. 2.—Cresceus, champion of the trotting turf, added more laurels to his fame today by trotting a mile in 1:02.4, reducing by half a second the week-old record of 1:03.4, made at the Cleveland track last Friday. The first half was trotted in 30.4, the first time that distance has been covered in less than one minute by a trotter. The time by quarters was 29.4, 59.4, 1:03.4, 2:02.4. A stiff wind, blowing up the stretch, kept him from stepping faster than 100%.

More than twelve thousand went to the Driving Park to see the trial. It was a brilliant assemblage, and intense enthusiasm for the horse was manifested. About 3 o'clock, the heavens cleared and the sun came out warm and bright, but the wind did not decrease in force. In the overnight period a great deal of money was bet on the box at odds of \$5 to \$17 on line against the trotter. Owing to the fierce wind, the odds against the rest horse increased to \$5 to \$8 before starting, but the backers of Cresceus were game, and took the short end as long as pools were sold.

The Murphy team, however, was ready to accompany Cresceus with an unner, and Dan Lahoe waited at the half-mile pole to take him on from there. On the fifth start, Ketcham, added for the word, but Cresceus was in his stride, and he pulled up at the first turn to let the horse get a wire he rushed, the runner two miles behind him, and this time it was a "go." Gaily facing the breeze, the champion started on his journey, owing with apparent ease and at his fastest speed. The runner caught him at the quarter, and a sign went up on the breathless throng as the time went up a quarter of a second less than 1:03.

Now the wind was at his back and utilizing the advantage, he pulled up at the half-mile pole, and the half-mile pole was reached in 1:02.4, the record never attained, and here the runner caught him up. Into the wind and against it the champion all machine-like strides carrying him on. On the three-quarter mile he reached and passed in the wonderful time of 1:30.4.

Then came the trial for when Cresceus turned into the stretch, the bitter and beat him in the face and held him by force. For the fraction of a second he seemed to falter, but the driver's voice was in his ears, and on came. With great courage, he angled toward the finish with a look of determination, and in spite of the effort of the breeze, flashed under a wire a winner again. But the wind against which Cresceus struggled, it is believed this time would have been a second faster. It was a wonderful mile ever trotted any track.

Enthusiasm broke loose as soon as the horse had passed the wire. The crowd surged onto the track to greet the champion, and a huge wreath of flowers was hung around his neck. Ketcham, the driver, drove to the finish, and the driver's stand and was called on for speech. In a few words, he expressed his appreciation of the interest in the attempt, his trust in the horse, and his confidence in his own ability to drive. Cresceus was not only followed by his effort, and a half hour later seemed ready for another mile.

"DE CHAMP" IS SHIFTY.

(BY DIRECT WIRE TO THE TIMES.) PORTLAND, Aug. 2.—[Exclusive dispatch.] "It's all a part of Jeff's scheme to make people think he's all right," declared Billy Madden, when shown the New York dispatch stating that the San Francisco club had offered a large purse for the fight between Fitzsimmons and Jeffries. "He found out that the match with Arkey would not take well, and decided that he would have to do something to show people that he was still the champion. Jeffries does not want to fight, and he is simply doing a lot of things. That man has been jumping on one proposition to another, and now he is jumping on another. It is Ruben, then it came Arkey, now Fitzsimmons is the man going to be matched with. If it is a level person to keep up with a Jeffries, he is faster than a cat. He is looking out that he has had enough fighting."

ARTICLES FOR SHARKEY.

(BY THE NEW ASSOCIATED PRESS—A.M.) NEW YORK, Aug. 2.—[Exclusive dispatch.] A telegram from the San Francisco Athletic Club, saying that champion James Jeffries has posted \$50 to cover the forfeit put up for a fight with Tom Sharkey, says the club.

The money and two sets of articles were sent to Sharkey. Tom Sharkey says he will put his signature on the blank, whatever it calls for. He is being trained at Sheephead Bay by Jack McCormick at once. Within a few weeks Sharkey expects to start in San Francisco, and will probably fight Tom McCormick and Jack Root as his first opponents.

IMPROVES WITH AGE.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Aug. 2.—[Exclusive dispatch.] In showing her heels to the red-tailed snout of the Boston yacht club, the beautiful Columbia topped all talk of her possible defeat of the Independence. Lawson's boat is a fair trial. Capt. Haff caught all favoring slants of wind, and made most of them. But even with the advantage the Columbia outwitted, outtraced and outran the model from Beantown. It was most decisive win, gained in invincible weather.

The old American cup champion, to an old smile, is like good wine, improves with age. There was no stion that she is faster now than on she defeated the Shamrock 1 off

Sandy Hook. In every race but their drifting matches, the Columbia has beaten the Constitution, the next Herreshoff wonder. That the old boat was faster in anything like a breeze became apparent in the race for the \$1000 Astor cup, which Manager Duncan had set his heart on winning, as the Constitution was at once sent to the shops to take on a new mast, spars and sails and have the hulls tinkered with, perhaps. Unless the Constitution leaves Bristol an improved boat, there will be a serious debate on the question of starting the new or old boat against Lipton's Shamrock. Sir Thomas himself has said he would not be surprised to find on reaching America that the Columbia was the boat he would have to race. The New York Yacht Club can select, only 90-footer it chooses, and if the Columbia continues to prove herself the fastest, she will undoubtedly be selected.

PERAL A DROPPED DEAD.

(BY THE NEW ASSOCIATED PRESS—A.M.) POUGHKEEPSIE (N. Y.) Aug. 2.—The New Palms trotting races were brought to an end with a sensational incident. Peral A, a bay mare owned by Francis Elmer, was favorite in the 2:35 trot and pace. She won the first and second heats, driven by one of her owners, who then gave the reins to George C. Smith, by half a second, reducing the record of 2:35.4, made at the Cleveland track last Friday. The first half was trotted in 30.4, the first time that distance has been covered in less than one minute by a trotter. The time by quarters was 29.4, 59.4, 1:03.4, 2:02.4. A stiff wind, blowing up the stretch, kept him from stepping faster than 100%.

More than twelve thousand went to the Driving Park to see the trial. It was a brilliant assemblage, and intense enthusiasm for the horse was manifested. FATAL EXPLOSION.

Three Men Killed Outright and Another Injured on Rock Island Extension in New Mexico.

(BY THE NEW ASSOCIATED PRESS—P.M.) LAS VEGAS (N. M.) Aug. 2.—Three men killed and one fatally injured are the results of an explosion that occurred on the Rock Island extension, twenty-five miles east of Santa Rosa, at W. T. Montgomery's camp yesterday. The four men—Francisco Lopez, Cecilia Rael, Pablo Lucero and Antonio Guevara—were engaged in blasting rocks on the railway right of way. They had prepared a heavy blast, but did not get away soon enough after lighting the fuse. The explosion killed Lopez, Rael and Lucero instantly, and fatally injured Guevara.

FREE-FOR-ALL PACE WON BY KELLY BRIGGS.

(BY THE NEW ASSOCIATED PRESS—P.M.) MYRTLE BEACH, Aug. 2.—The free-for-all pace won by Kelly Briggs, a bay gelding, in the first heat, and the second heat. The race was for \$1000, in which several fast horses, among them W. G. Layne's Sir Alfred S., 2:14.4, and C. W. Farrar's El of Santa Rosa, 2:14.4. It is expected that the winner of this race will have to go in 2:10 or better. The weather today was not as hot as yesterday, and the attendance was smaller. The race was started by Judge Bonner, A. G. Gurnette and E. P. Head. The free-for-all pace today brought out Kelly Briggs, Myrtle Whip and Edna S. The latter had had luck in the first heat, and was "but out." Kelly Briggs won the first, third and fourth heats, and Myrtle Whip the second.

The race for members of the Golden Gate Driving Club was well contested. Sandow won the first, second and third heats, the three succeeding heats. It was a race all the way through. Sandow, by Gossiper (Simpson), won; time 2:30. Free-for-all pace: Kelly Briggs, by Baywater (Roberts), 1:21.1; Myrtle Whip, by Edna S., 1:21.2; Edna S. (Mulholland), 1:21.3; Time 2:12.4, 2:10.4, 2:13.4, 2:15.4. Trotting, 2:14 club stake, \$1000: Anselma, by Antrim (Kelly), 2:11.1; Ned Thorne (Helman), 2:11.2; North Star (Henderson), 2:11.3; Boydelo (Lafferty), 2:11.4; Richmond Chief (Mabens), 2:11.5; Osto (Mulholland), 2:11.6; Time 2:11.2, 2:10.4, 2:13.4, 2:15.4. Trotting, 2:14 club stake, \$1000: Anselma, by Antrim (Kelly), 2:11.1; Ned Thorne (Helman), 2:11.2; North Star (Henderson), 2:11.3; Boydelo (Lafferty), 2:11.4; Richmond Chief (Mabens), 2:11.5; Osto (Mulholland), 2:11.6; Time 2:11.2, 2:10.4, 2:13.4, 2:15.4.

Now the wind was at his back and utilizing the advantage, he pulled up at the half-mile pole, and the half-mile pole was reached in 1:02.4, the record never attained, and here the runner caught him up. "POP" INVADES CHINATOWN.

New Boom for Chinese Soda Founts.

Hot Weather Episodes in the Alleys.

The Unseemly Can Now Be Seen, for All Gales are Ajar.

The hot weather, that has set the city a-thrilling for the last few days, has opened up a rushing trade in the tea fountain business of Chinatown. Up along Spring street and Broadway, people are seen sitting on high stools before marble counters with foaming drinks tipped up to their lips. Down in the quiet streets over which floats the dragon flag, the population is pouring down liquid; but the Chinese squat on little benches under the shades of their balconies and drink from blue bowls. They call their soda water "tea," but it is all the same in the end—the summer demon, thirst, must be downed.

On tables along the narrow sidewalks of Chinatown sit big black jars of cold tea, wrapped around with wet napkins. It is more than the average Chinaman can do to go by one of these cool jars without yielding, and sometimes there is a blockade before the tea fountain. On the same tables sit dishes of cool custard-like cheese, excellent for the thirst, you are assured, and next is a mysterious hot-weather dainty, that looks like gelatine pudding thickened with coffee, which surpasses even the tea in popularity. When one comes to a bowl of the proprietor calls it down with a many-fingered spoon that sheds the pudding, and serves it up with a dark syrup. This meat the Chinese makes up with his porcelain ladle, and drinks down with relief. JOHN HAS LEARNED TO LIKE POP.

It looks about as good for the thirst as our own thick cream, but the Chinaman asks for nothing better, and tastes cannot be disputed. Besides this, the Chinese bottled soda has invaded Chinatown. In front of the little stores are buckets of water, in which bottles of the many-flavored "soda pop" sit cooling, and enticing the wee-pig-tailed boys to part from their nickels. Perhaps the most picturesque corner of the city during the hot weather is North Main street, where a watermelon does duty for soda. The long, striped "sanda" is the comforter that parts the Mexican from all his cares during the hot summer. Run a melon stand on San Fernando street during the summer, and get rich!

When the long shadow of the sun begins to edge across the crumbling pueblo, shutters swing open, and the Mexican families come out to settle down in the sidewalk to gossip about the latest news of the day. An atmosphere of dreams still imbues this remnant of the first Los Angeles. When the sun was at its height, the swarthy folk were behind their court yards, under the vine and the fig tree, and the Mexican life was a life of scattered among the adobe of our Mexican quarter, though all this is now a thing of the past. Run a melon stand on San Fernando street during the summer, and get rich!

It is a wonderful soap that takes hold quick and does no harm.

No harm! It leaves the skin soft like a baby's; no alkali in it, nothing but soap. The harm is done by alkali. Still more harm is done by not washing. So, bad soap is better than none.

What is bad soap? Imperfectly made; the fat and alkali not well balanced or not combined.

What is good soap? Pears'. All sorts of soaps, especially druggists; all sorts of people use it.

LASTING WATCH REPAIRS. We do the work that gives satisfaction. All kinds of watches repaired. JEWELRY AND SILVERWARE. 112 S. SPRING ST.

TO CURE DANDRUFF.

It is Necessary That the Dandruff Germ Be Eradicated. "Destroy the cause you remove the effect." Kill the germ that causes dandruff, and your hair will grow luxuriantly. Herpelid only contains the dandruff germ destroyer, but it is also a most beautiful hair-dressing for regular toilet use. No other hair preparation is so successful in destroying the dandruff germ, and no other is so beneficial to the scalp. It is only recently that a destroyer of the germ has been discovered—Now Herpelid is the only hair preparation that actually kills dandruff.

CALIFORNIA AND THE PHILIPPINES.

BY OLIVE LOGAN. SPECIAL CORRESPONDENCE OF THE TIMES. WASHINGTON (D. C.) July 27.—California is the Fortune of the Philippines. Why did Fortune capture the Philippines? Simply for the purpose of furnishing California with more laurels for her brow, more shekels for her purse. If the recommendation of Adm. Gen. Corbin is adopted, and two of the fastest transports be put to use in a monthly mail service between San Francisco and Manila, to ensure quick handling of the mails, the Philippines will be nothing less than a sort of rich man's veranda.

**FREIGHT MOVES FREELY
AT SAN DIEGO.**

—♦—

LONGSHOREMEN'S UNION NOT IN-

Effort to Discharge Goods for Shipments Overland Would Probably Precipitate Trouble—Weak-minded Man Sentenced for Fraudulent Check Work.

SAN DIEGO, Aug. 2.—[From The Times' Resident Correspondent.] At last reports tonight neither the agents of the California and Occidental Company nor the captain of the ship *no word about the Belgian King, which has 1000 tons of freight for San Francisco.* The work of shifting her coal from the hold to the fireroom was completed this afternoon. Officers of the Longshoremen's Union say the men would not allow their headquarters to interfere with the moving of incoming or outgoing freight. If an attempt should be made to discharge the San Francisco freight for shipment overland, as has been suggested, the men would insist on the unions to refrain from the work of discharging.

It is said that Delegate Labrevitch's mission here is to discourage longshoremen and freight handlers from going to San Francisco, and to keep San Diego as a refuse to handle incoming freight loaded by non-union men. The longshoremen's union president governs the Spreckels Commercial Company's employees, but Santa Fé freight handlers are non-union, all sorts of unionists there have failed. At present there is no work in sight here for longshoremen. The local agent of the Pacific Coast Steamship Company does not look for the State of California, from San Francisco, before Tuesday, and possibly next week.

SAN DIEGO BRIEVITIES.

Arthur Walsh, the Escondido man

who secured money on a check by signing another man's name on the back. It was ascertained that he had been in the morning to five days in the County Jail for obtaining money under false pretenses. It was found that he is well-known for his dishonesty, and the name which he wrote on the check is not identical with that on the face. He said that he cashed the check to get money for his mother, who he said, intending to make matters right with his employer, but that he fell into bad company in the tenderloin section of the city and was robbed.

The Lower California steamer *St. Denis's* freight today included 10,000 grain bags for Ensenada.

Mayor Frary, who has been suffering from a cold, is expected to return to Hot Springs next week for treatment.

County Superintendent of Schools Baldwin left this morning for a visit to Sacramento and other northern cities.

Capt. T. B. Hartsell, who has been ill, has returned to his position at the Campo posthouse.

Mr. Joseph Smith died yesterday. He was a member of the Escondido G.A.R. Post. He leaves a widow and four children.

George Todd Johnson has been rearrested on another charge of cattle stealing, near Ramona. At the preliminary hearing he was held for the Superior Court, and yesterday was brought to the County Jail to await trial.

L. B. Howard and others are building a plant for smelting low-grade ores at the foot of Teah street.

CORONADO BEACH

LIKES THE SOUTHLAND.

HOTEL DEL CORONADO, Aug. 2.—(From the Times) Resident Correspondent, B. C. Cuvillier, a prominent business man of San Francisco and Oakland, has been visiting the hotel, this being his initial trip to Southern California. While on a business tour, Mr. Cuvillier has been afforded much pleasure by the various sights of interest and has expressed himself surprised at not only the beauty of the southern country, but the general air of business and the "thrill," especially Los Angeles. He is a world-wide traveler and predicts a great and glorious future for the South.

ARTILLERY DRILL.

An exhibition drill of the Thirtieth Company, Coast Artillery, will be held at Coronado Beach on the 8th inst. Much interest is always manifested in this display and the following programme will occupy the day, the many visitors will be accorded an unusual treat.

Cathartic exercises: Illustrative of the system of physical training in use in the United States.

Bayonet exercise: Showing the use of the bayonet, and also designed to give the soldier proficiency in the use of the rifle.

School of the company.

(a.) In close order. Maneuvers of the company on the parade ground in close order.

(b.) In extended order. Battle formation of a company in attack, and use of roll call and bayonet charge, ending with a bayonet charge and capture of a position.

CORONADO BREVITIES

E. W. Howard and two young sons of Minnesota went to Coronado Island for a few hours' fishing and returned with sixty-one fish, weighing 300 pounds.

The anticipation of the cake-walk contest tonight and a fishing party tomorrow keeps the guests at Tent City speculating as to the outcome of the two events. The darker contest will be for the proverbial cake, which is now on exhibition.

The Coronado Beach Company has offered a prize for the winner of the swimming race, and H. W. Jenkins of San Diego has subscribed a silver medal, thus giving the victor of the juvenile race two medala.

Lee Chamberlin of Los Angeles is registered at the hotel.

Mabel Guinwitt, Nettie Quinwitt and Mrs. H. Kavanaugh of Los Angeles are visiting at Tent City.

Temperature at Los Angeles yesterday, 81 deg.; at Coronado, only 75 deg.

It is stated at the Brooklyn navy yard that the idea of destroying the old frigate Vermont, which for the past forty years has done duty there as a receiving and training ship, has been abandoned. All that is of value on the vessel will be removed, and the hull will be preserved as a relic.

Removal.

Nashport Pipe, Lumber & Company have removed from Ninth and San Pedro streets to Eighth and Main streets, where they will be pleased to receive old pipes and fittings.

PRODUCTION OF COPPER.

Output of Lake Superior District.

Smaller Last Year Than in Preceding Years.

The Reason for the Decline Explained—Policy of Calumet and Hecla.

By H. J. STEVENS.

HOUGHTON (Mich.) July 15.—The production of refined copper from the mines of the Lake Superior district, all located in the State of Michigan, was smaller in 1900 than in any of the four preceding years.

The State law requires the producing companies to submit returns on or before September 1 of each year for the preceding calendar year, but the following figures are from advance returns and may be regarded as approximately correct.

In the case of several of the mines the production is estimated, but in such cases the estimates are not mere guesses, but are based upon reliable data, and will be confirmed by the official returns.

These figures of 1900 production were accepted as easily within 1 per cent of the final returns. In order to compare the production of the past year with that of the preceding year, the figures of the preceding year are given in pounds of refined copper.

BIBLE LESSONS

FOR SUNDAY-SCHOOL TEACHERS AND OTHER BIBLE STUDENTS.

Prepared for The Times by J. S. Kirtley.

For Sunday, August 4, 1901.

Genesis xiii, 1-18.

THE CONNECTION.

Abram lived for a while in the place where he first entered his promised land, then he drifted southward for fresh pasture. When a famine came on, he did not return to his native land, but he did go down into Egypt, for from a boy he had heard of its fertility and its wealth. Instead of relying on God to help him and all that was needed in Canaan, he relied on his own worldly wisdom and sought it in Egypt. That was a blunder, a relapse into the old life. For that weakening of faith, however, he is not to be too harshly judged, yet it leads him into sin and into suffering. He was hospitably treated by the King of Egypt, who was of the same family as Abram, a Semite, descended from Shem. To save Sarai from being taken into the harem of the King, he stated a half truth which had the effect of a lie, and was sent out of the country with a rebuke by the King. He came back home a wiser and better man, for he had learned something about the God whom he was following—the truth alone was pleasing to God and lying and deception are always wrong in themselves, unwise and unsuccessful, and always bring shame and grief to the faithful and would take ample care of His chosen. He returns to Canaan in shame, yet with new wisdom.

THE LESSON.

"They Return From Egypt Together." (Verses 1-18.)

"And Abram went up out of Egypt, and he and his wife and all that he had, and Lot with him, and the women which Abram had bought, and silver and gold, and he went on his journeys from the south even to Bethel, unto the place where he had been at the beginning, between Bethel and Hai; unto the place of the altar, which he had made there at first, and there Abram called on the name of the Lord. And Lot, also, which went with Abram, had flocks and herds and tents."

In addition to the producing mines of the Lake Superior district, one of which, the Isle Royale, is already making copper. The present Isle Royale is a continuation of the old Isle Royale, Huron and Portage mines, and has been opened and equipped on an unprecedented large and thorough scale, at a cost of upward of a million and a half dollars. One stamp at the new mill started in May last, and at present three stamps are crushing about 100 tons of rock daily. For the Isle Royale will probably be found occupying fifth place among the copper producers of the Lake Superior district, which will be contested in the following year by the Wolverine, Trumount, and possibly by others.

Among the mines of the Lake Superior district, the Isle Royale is the largest, and is now producing at the rate of fully 20,000,000 pounds per annum, at a rate about 50 per cent. in excess of last year.

There are a number of other important properties in the district, one of which, the Isle Royale, is already making copper. The present Isle Royale is a continuation of the old Isle Royale, Huron and Portage mines, and has been opened and equipped on an unprecedented large and thorough scale, at a cost of upward of a million and a half dollars. One stamp at the new mill started in May last, and at present three stamps are crushing about 100 tons of rock daily. For the Isle Royale will probably be found occupying fifth place among the copper producers of the Lake Superior district, which will be contested in the following year by the Wolverine, Trumount, and possibly by others.

well supplied. They are; but they are also full of water. A great many people who see the blue sky account fall to look at the other side; if the balance is not met and see that the money has been loaned out. But it has been. I have been watching the country banks, and I know. So when we come right down to the fact we find that there is practically no loan money in New York and very little in Chicago, and very little

In the country, however, there is enough grain to meet the ordinary demands of the season, but when the exact call for funds to move the crops comes in the banks will not be enough to meet it, unless the banks build up the reserves. For that reason I don't see how rates can be materially lower than they are, and it is easy to see how they might grow firmer under these conditions.		<p>Fresh Hams.</p> <p>DEKFB—Per lb., 70 3/4.</p> <p>WEAL—30 lb.</p> <p>MEAT—Per lb., 5; hams, 3.</p> <p>POK—Per lb., 34.</p>		<p>Butter—Fancy and Creamery.</p> <p>per square, 6; southern creamery, 5 5/8; dairy, 5 1/2; creamery, 5 1/2.</p> <p>EGGS—Per doz., fresh ranch, 22 1/2; eastern, 18 1/2.</p>		<p>Cor./Third and Main Sts.</p> <p>Entire Building Over Wells-Fargo Bk. ...and prices will go a good deal higher, partly as much as the lowest estimate of the increased price will make good to the farmers for the decreased yield of course, those whose crops are a failure get no benefit at all from this, but the community at large will. A very large portion of the last crop went export, and higher prices prevailing for the exports will be much less. How much would depend on the other cereal crops.

STORE

EGGERS, Mgr.
 San Francisco Store,
 Baldwin Annex.
 The whole matter is of much
 interest, as it affects the stock men as
 well as the men who grind and those
 who sell meals.

STRAWBERRIES.—Per box, common, 50¢;

the proposed construction of a sugar refinery
 in opposition the American Sugar Refining
 Co. An appearance of considerable weakness was
 shown in the stock this time during the
 closing-up of contracts brought prices
 sharply down. The market, however, failed
 to hold its rally, and the market closed
 lower. The market was not very active
 for some time past, and failed to show
 the effects of the reported disagreement
 over the steel strike. The market was
 common and preferred closing with fractional
 gains. The railroad stock was weak
 of any features. Sales, par value, 100.00.
 United States bonds were all unchanged.

THE CITY IN BRIEF.

AT THE THEATERS.

BURBANK—Uncle Tom's Cabin. GOSPEL—Vaudeville.

THE TIMES AT THE BEACHES.

Patrons of The Times desiring the paper delivered to them at any of the beaches may leave the necessary order at The Times office, or with any of the following-named agents:

A. E. Jackson, Santa Monica, 235 Third street.

Mrs. Thacker, Ocean Park, corner Hill and Second streets.

F. J. Schinnerer, Long Beach, Bank Building.

F. W. Clark, Catalina.

S. R. Commander, foot of wharf, Redondo.

Mrs. D. Samples, postoffice, Terminal Island.

Bautz & Krohn, 316th and Beacon streets, San Pedro.

Arrangements have been made for special summer delivery of The Times at all resorts, and patrons will confer a favor by reporting any irregular or unsatisfactory service.

THE TIMES-MIRROR COMPANY.

NEWS AND BUSINESS.

Spies Sent Here.

Two spies have been sent here by the San Francisco strikers to try to prevent non-union workmen from going up from Southern California to take strikers' places.

Burned a Barn.

A barn in the rear of the residence of J. J. Simons, No. 118 West Twenty-fifth street, was destroyed by fire yesterday afternoon. The fire started in the dry grass near the building.

Enterprising Youngsters.

About twenty-five have already contested for prizes in The Times scholarship contest. Their names, addresses and the number of votes each at present, are all given in "The Score," which appears elsewhere with the advertisement.

The Scholarship Prizes.

Important explanations and suggestions are made in the "Scholarship Contest" advertisement printed elsewhere in this issue. Everybody interested should read the whole advertisement attentively every day and keep a sharp lookout for changes.

Work of a Sneak Thief.

During the absence of the members of the family yesterday, the residence of Mrs. Paul Lorsch, No. 202 Key West street, was entered by a sneak thief, who stole a pair of gold-rimmed eyeglasses and a stickpin with a small diamond setting. No one saw the thief.

Residence Robbed.

A. Austin reported to the detectives yesterday that a house at No. 328 North Burlington avenue, of which he has charge, had been entered by a burglar the night before and a number of articles were stolen. The value of the goods taken does not exceed \$20.

Alleged Cruelty.

The humane officer was notified yesterday that the horses used at a grading camp near Western avenue and Adams street were cruelly treated. The report stated that they were poorly fed and made to do more work than should be expected of twice that number of horses. An investigation will be made.

Funeral of Alex Bush.

The funeral services over the remains of the late Alexander Bush will be held this morning at 9 o'clock at the Cathedral. Requiem high mass will be celebrated, and at the conclusion of the service the casket will be hermetically sealed. The body will be sent East tonight and will be interred in the family vault at Detroit.

Fall in a Fight.

J. W. Bartels, an old cane-carver who has a shop on Commercial street, was taken to the St. Vincent Hospital yesterday for treatment for several painful wounds about the face. He had left his shop to go to a hole depot for some milk, and while seated on a stool was seized with a fainting spell and fell to the floor, striking his face against the sharp corner of a box.

Victim of Her Husband.

Mrs. John Richter, the sick and weak-minded woman who left her home because of the alleged brutality of her husband, the Fifteenth-street barrel dealer, was removed from the City Jail to the County Hospital yesterday afternoon, pending her commitment to an asylum. Her condition is pitiable, and neighbors say the beatings administered by her husband have wrecked her mind and body. Still the wife refuses to prosecute, only asking to be placed where she will be protected from his cruelty.

Always Oblique.

The Express continues its policy of inaction in treating of strike matters. "Not a personal fight," it says, speaking of the efforts of the local boycotters. Oh, no! Of course not! The union agitators do not engage in such naughty work as "mud-slinging." Oh, never! Gregory, Blades, Brown and Jim Gray would not do anything so mean as that! Furthermore, the union has no intention of allowing any mud-slinging from the side of the matter," quotes the Express from one of its union inspirers. Then there is hint of discussion in the ranks of the strikers and an intimation of a clammy hand in somebody's dogskin glove. So much for the declaration of the Express that it is "not a personal fight." Gregory, Brown, Jim Gray and Blades are contrary-minded. They have made mistakes in the past but they have run up against a pile-driver. Selah!

From Arizona.

Col. John H. Norton of this city is entertaining his partner, H. A. Morgan, of Wilcox, Ariz. Mr. Morgan has been with Mr. Norton since 1881, and is now a partner in and general manager of the business of John H. Norton & Co., one of the largest firms in the Territory, having their main store at Wilcox, and branch houses at Pearce, Johnson and Cochise. He says that the general conditions in the Territory were never more promising than now.

Abundance of Rain Last Winter.

Abundance of rain last winter has kept the ranges well supplied with good feed and water, and the cattle are in the very best order. The mining industry is very active. In the agricultural sections the farmers have excellent crops. So far this season few rains have fallen in all parts of the Territory, encouraging everyone to hope for another prosperous year. No railroads which are now being constructed in the southeastern part of the Territory will make their route but rich sections easy of access, and will hasten their development.

Hut Factory Burned.

The hat manufacturing plant of Hittinger, 1212 1/2 Third street, was damaged by fire to the amount of \$500 last evening, and for a time the flames threatened to do much more damage. The factory is located in the second floor over Kiefer & Co.'s wholesale shoe house on Third street, between Main and Spring streets, and among the appliances was an iron heated by gas. This iron had been left on a table among a pile of goods, and it became heated to such a

degree that it ignited the inflammable material surrounding it. The proprietors tried to extinguish the blaze, but being unable to do so, the fire department was summoned by an alarm from box 17. When the firemen arrived the flames were pouring from all the windows, and for a time it looked as if the fire would be serious. Three streams from chemical engines were run into the building, and after half an hour's work the fire was extinguished. Most of the unfinished stock was ruined, but the fire did not reach the finished goods in the rear. The total value of the stock was about \$4500, and on this was carried \$3000 insurance. The loss estimated by C. H. Strohm is \$500, but the proprietors put it at more than double that amount.

BREVITIES.

Don't think, from merely having glanced at the advertisement, that you know all about The Times' Scholarship Contest now going on. There are seven and September 10 that are worth from \$50 to \$150 cash, and the contest is less than a week old. Any bright boy or girl can start in now and have as good a chance as anybody.

Rev. F. D. Power, President Garfield's pastor in Washington, D. C., and chaplain of the House of Representatives, and for twenty-six years pastor of the Memorial Christian Church, Washington, and one of the famous men of the country, will preach tomorrow at 11 a. m. at the First Christian Church, corner Eleventh and Hope streets.

Rev. Robert J. Burdette will preach tomorrow at 11 a. m. at the First Christian Church, corner Eleventh and Hope streets.

Send donations of cast-off clothing, furniture or food supplies to the Good Samaritan department of the Bethlehem Institutional Church, Vignes and Ducommun street, or telephone John 31, and wagon will call. Office hours during summer months 11 to 12 daily.

First Congregational Church: tomorrow at 11 a. m. the junior pastor, William Horace Day, will preach on "The Culture of Prayer." Instead of evening service the twilight communion service will be held at 5 p. m. Idyllwild-among-the-Pines, Santa Fe now sells round-trip tickets to San Jacinto, going on Tuesdays, Thursdays and Saturdays, for \$5. Idyllwild stage meets every train. Sunset telephone. Call up Idyllwild.

At the First M. E. Church tomorrow Rev. Dr. Bennett of Anderson, Ind., will preach in the morning, and Rev. Randall of Seattle, Wash., in the evening.

Summer clearance sale of drawn-work, opals, carved leather, Indian baskets and blankets at Campbell's Curio Store, 325 South Spring street. Saturday half-day. Our store will close every Saturday 1 o'clock during August. Spier, Mulliner, 121 S. Spring street.

So time of arrival and departure of P. M. trains see "Time Card" in today's Times.

There are undelivered telegrams at the Western Union telegraph office for Mrs. C. A. Brohan, Mrs. Millhouse, E. K. Preston, J. E. Elmer, Fred E. Elmer, Walter F. Wing, H. B. Rawlitt, L. J. Flood, Albert J. Kohne and Percs Hastings Field.

FOUR PERSONS DROWNED.

Waves from Passing Steamer in West Virginia Waters Upset Pleasure Boat, With Fatal Results.

BY THE NEW ASSOCIATED PRESS—A. M. HUNTINGTON (W. Va.) Aug. 2.—The waves from a passing steamer upset a small boat containing a pleasure party, drowning Mrs. Fanny Hemming, aged 45; Kathleen Hemming, her daughter, aged 14; Imogene and Theo Apperson, grandchildren of Mrs. Hemming, aged 6 and 7 years.

The large portrait of himself, which Emperor William presented to the naval club at Rio de Janeiro as a token of His Majesty's appreciation of the condolences of the club at the time of the loss last December of the German training ship Goeben, was formally unveiled Thursday. The officers of the United States cruiser Atlanta participated in the ceremonies.

MARRIAGE LICENSES.

The following marriage licenses were issued yesterday from the office of the County Clerk:

Ben E. Burke, aged 31, a native of Missouri, and a resident of Los Angeles, and Belma Carlson, aged 19, a native of California and resident of Los Angeles.

Sam Elias, aged 25, a native of Roumania, and Fannie Moscovitz, aged 18, a native of Roumania; both residents of Los Angeles.

Joseph Couch, aged 32, a native of Minnesota, and Pearl Simon, aged 20, a native of California; both residents of Los Angeles.

MARRIAGE RECORD.

GORS-GRANT—At St. Paul's Church, August 1, 1901. By Rev. Dyer, Otto J. Rose to Minnie Grant.

DEATH RECORD.

HUSH—In this city, August 1, Alexander B. Hush, at California Hospital, youngest son of Mr. M. Hush, a native of Detroit, Mich. Funeral services will be held at Cathedral, Sunday, August 5, 10 a. m. Friends invited. Interment Detroit, Mich.

MINTON—Sudden, in Bakersfield, August 1, F. Minton of this city, husband of Lillian Minton and father of Loretta, Florence and Frank Minton, age 30. Burial Twenty-third street.

OLIVAR—August 2, at her residence, Ellen Olivar, age 10 a. m., from the residence.

HUSH—In this city, August 1, Alexander B. Hush, at California Hospital, youngest son of Mr. M. Hush, a native of Detroit, Mich. Funeral services will be held at Cathedral, Sunday, August 5, 10 a. m. Friends invited. Interment Detroit, Mich. Friends may view the body at Street Brothers parlors until 5 p. m. today.

CLARK—At No. 201 Galena avenue, Pasadena, Maude Evelyn Clark, aged 16 years 4 months and 10 days, daughter of Mr. and Mrs. C. W. Clark, and niece of Miss B. E. Sweetwood. Burial at 2 p. m., August 4, at the residence of Mrs. A. J. Bradley.

READ—In this city, August 2, Mrs. Lillian B. Read, at California Hospital, daughter of Mr. and Mrs. J. B. Read, and wife of Mr. Fred Read, a native of San Jose, Cal., and Mr. Fred Read, a native of San Jose, Cal. (San Francisco papers please copy.)

RECK—J. R. Eck, at St. Wayne, Ind. Funeral from Booth & Boylston, No. 209 South Broadway, today at 10 a. m.

FUNERAL NOTICE.

LOS ANGELES LODGE, NO. 99, B. P. O. E. Members and friends are requested to meet at 10:30 a. m. today to attend funeral of Brother Alexander B. Hush. Services held at Cathedral on Main street.

W. R. Sutch, Undertaker.

Little Webb's.

Soap often water at beaches and mountains. Put a box in your grip.

AUTOMATIC pump, no engine nor pump, 300 inches capacity, get up complete, \$200. Free exhibition, 304 N. Main street.

LAWTON OUTGROW ALL COMPETITORS.

NEW TOWN GAINED TEN THOUSAND IN A NIGHT.

No Liquors are Yet Sold Publicly, but Gambling in All Shapes Flourishes—Business Houses, Newspapers, and a Railroad.

(BY THE NEW ASSOCIATED PRESS—P. M.)

PORT SILL (Okla.) Aug. 2.—A town of 10,000 people, to be known as Lawton, has grown up just outside the fort limits, within a night. Following the close of the land lottery at El Reno, thousands of home seekers who drew claims, started for the three points picked out by the Federal government for town sites in the country, namely, Anadarko, Hobart and Lawton. A majority of the people favored Lawton, and the town of ten thousand inhabitants and tonight thousands camped in and about the proposed site awaiting the sale of lots on August 6.

Already Lawton has 400 temporary business houses, including a hotel, a firm and a newspaper and three streets have been laid out. A national bank has been projected. Every form of gambling known on the frontier is being run wide open, side by side with fake shows of various descriptions, and near the scenes Comanche Indians have pitched their tents.

The Indians await their last payment, \$120,000 in the aggregate, which is due them under the old contract. Hundreds of persons have procured government licenses to sell liquors, but it will take two weeks to get the following out the laws of the tribe before they can open their places. In the meantime, Lawton will be dry.

The Chicago, Rock Island and Pacific Railroad is pushing the construction of its extension into Lawton and expects to have passenger and freight trains running into the town by September.

The Republicans held a mass meeting last night and decided to run a municipal ticket and the Democrats are active. The two most notable claims in the new city are for the railroad, and Woods and Miss Hattie Beals, the first winners in this district, are expected to file on them. The claims are valued at between \$25,000 and \$40,000 each.

HELD UP HARVESTERS.

Highwaymen at Arkansas City Make a Haul of Eleven Harvest Hands' Cash and Watches.

BY THE NEW ASSOCIATED PRESS—A. M. KANSAS CITY, Aug. 2.—A special to the Star from Arkansas City, Kan., says that highwaymen last night held up eleven harvest hands in the railroad yards here and secured \$105, seven watches and some other jewelry. The harvesters have been in Oklahoma and were on their way to work in the Kansas fields. They were asleep in an empty freight car. The highwaymen forced them at the point of revolvers to stand up in a row, their hands up, while they were searched. The robbers escaped to the Territory.

Deputy Kills Desperado.

PHOENIX (Ariz.) Aug. 2.—At Gleason, Sunday, Deputy Sheriff Moore shot and killed John Kohn, a well-known desperado. Kohn was trying to effect the release of Andrew Garrett, who was under arrest and in Moore's charge.

PERSONAL.

Theodore Collat and wife are at the Nadeau.

F. H. Green of San Rafael is at the Nadeau.

A. E. Nutt, the San Diego State Senator, is a guest at the Nadeau.

H. M. Suter registered at the Westmaster Hotel, the national capital.

G. Vandenberg of Belgium has his name on the Hollenbeck register.

Walter H. Gale blew into the Westmaster yesterday from the Windy City.

Dr. T. J. McGee registered at the Van Nuy yesterday from Nashville, Tenn.

S. E. Wellheimer and G. Tecker, Fresno merchants, are staying at the Nadeau.

T. E. E. Shore and wife, tourists from Toronto, Can., have apartments at the Hollenbeck.

W. Hernandez, wife and three children of New Orleans have apartments at the Hollenbeck.

Alex. Rothschild and John Phillips are at the Hollenbeck business trip to Chicago and Buffalo.

H. E. Larson of this city leaves next week for a two months' business trip to Chicago and Buffalo.

W. B. Sargent and Mrs. Charles Osgood, New York tourists, are guests at the Van Nuy.

Rev. B. W. R. Taylor has returned from his vacation, spent in San Francisco, and will occupy his pulpit tomorrow.

Dr. H. H. Stone, Lorenzo Benedict, J. S. Archer, Miss A. C. Archer and Miss F. J. Archer make up a party of New York tourists now at the Van Nuy.

The patrons of Belmont School will be interested in knowing that H. H. Brown, Ph. D. of Harvard, has been appointed head of the department of physics and chemistry.

Richard Schmitt and son of Uta Iowa, are visiting the family of C. W. Wise, No. 1569 Maple avenue, and will remain here about ten days. Mr. Palmer was until recently a merchant at Uta, but has sold his business and is looking for a location in Southern California.

Hamburger & Sons

Women's \$3.50 to \$5 Shoes for \$1.95.

Misses' \$2.50 and \$3 Shoes for \$1.45.

Boys' \$1.75 Shoes for \$1.15.

The special shoe bargain of the week will be repeated for Saturday. The manufacturer's Outlet Sale of Shoes is responsible for these prices. You never saw better. We doubt if you ever saw as good values, even at our previous sales. It is hard to believe that so much goodness can be sold for such little prices.

The Women's Shoes.

Include Russian calf, chocolate tan kid, black kid, tan kid in lace styles and Russian calf boots; they are made in a variety of styles; some with flexible soles, others with welt soles for walking. A splendid line. Choose at \$1.95.

The Misses' Shoes.

Include all sizes from 11 1/4 to 8, and among them you will find cloth top lace shoes, patent kid button shoes, black kid button shoes, patent leather dress shoes, black kid lace shoes and kangaroo calf button shoes, worth \$2.50 a pair; they are all well made, substantial, good looking and splendid line. Choose at \$1.45.

The Boys' Shoes.

Are made of fine soft, satin, calf and kangaroo calf leather, and are made in styles that will please the boys, because they are good looking. Qualities that will please parents, because they are durable. Sizes 10 to 14. A standard \$1.75 quality shoes; choose at \$1.15.

New Summer Millinery.

Just the latest things from New York. Black and white hats. They are trimmed in a great variety of ways. Fine straw hats of the short back sailor order, but with various shaped crowns, trimmed with drapes of black and white silk or with white drapes and ornamented with black and white birds or white feathers. They are extremely popular in New York City, and came to us by express, the newest millinery of the summer season. Placed on sale at three prices, \$3.98, \$2.98 and \$1.98.

Summer Mochaskin gloves.

are especially desirable for summer wear because they are impervious to perspiration. We have a line of \$1.50 Mocha skins, cable stitched and finished with pretty embroidery, two clasps, black and colors, at \$1.15.

Women's Surf Suits.

We have some extra good values in women's bathing suits. We believe that they are better than you can find in any other store at the same prices. They are all handsomely trimmed.
